RFID VEHICLE, GATE, ASSET & CONTAINER TRACKING

- Real-time tracking and management of your trucks, trains, trailers and assets
- Tagged assets can be automatically recorded at all activity points
- Receive instant updates as your vehicles and assets arrive at the yard, leave your premises or are positioned ready for a new load
- Scalable regardless of how many trucks or trailers you have, how big your depot is or how many key areas are included
- Provides real-time information you need to efficiently manage operations

TOOL TRACKING WITH ACCURATE CHECK-IN & CHECK-OUT FUNCTIONALITY

- Electronic transactions for Check In/Check Out eliminating paperwork
- Instantly see where items are, when they are due and who has them
- Track overdue Check Out of equipment
- Eliminates wasting valuable time and resources trying to locate items
- Can be used for tracking tools, file folders, equipment and more

WIRELESS NETWORKING WIFI REMOTE WIDE AREA 802.11 COVERAGE

- 802.11 WiFi technology supports hundreds of megabits of throughput
- Support for wide range indoor and outdoor wireless networks alike
- Improvements in the reliability, capacity and range of 802.11 communications
- Supports content rich, real-time applications for the mineral, mining and energy operations around the globe

OUR SERVICE & SUPPORT IS UNMATCHED

As many of our clients can testify, Peacock Bros Service and Support gives us the edge in our solutions. Whatever your requirements, Peacock Bros will be there for your immediate and long term needs.
